of the Medical Officer in charge. It may also be presumed from the Hospital records that the Medical Officer was exercising his discretion in rectifying shortcomings, and that the present Medical Officer's report dated 26th June 1924 would not have come in, had it not been for the Senior Surgeon's minutes of inspection calling upon the Medical Officer to make a report in the matter.

As the cancellation of the contract and its disposal in favour of another man has already been effected and approved by Government the only remedy now open to be shown to the petitioner is a cancellation of his office order forfeiting his deposit amount of Rs.200/- which may be ordered to be returned to him.

The Government of His Highness the Maharaja
of Mysore, B A N G A L O R E.

The petition of C. Mariappa, Contractor, son of C. Marisamappa, residing in Benki Nawab Street, Bangalore City.

The petitioner above-named begs to state as follows.-

1. The petitioner is the contractor for the supply of articles of diet and some other things to the E.D. Hospital, ~~Incurable and~~ Leper Asylum for the period from 1st January 1924 to 31st December 1924, and as such has been supplying the necessary articles according to the terms of his contract.

2. About the end of June last, he received a communication from the Medical Officer in charge of the said Hospitals requiring explanation for alleged irregularities in the execution of the contract and as noted in the Order Book by the previous Medical Officer, Mr. Ferandez. The petitioner at once sent a reply that no mistake was made by him in this matter and no expalanation called for on any previous occasion but that some small items were immediately rectified when pointed out.

3. The petitioner was later on desired by the present Medical Officer to see the Senior Surgeon, who was however not pleased or satisfied with the representations made by the petitioner and on the 8th July last he was informed by the Medical Officer that on account of irregularities in the supplies the rest of his contract was cancelled and the deposit of Rs.200/- forfeited to Government in pursuance of the conditions contained in clause 13 of the Tender Notice, and in accordance with the order to this effect by the Senior Surgeon. The petitioner has been further informed that he should stop supplies from 11.7.'24. The copy of the order sent to the petitioner is attached for perusal.

4. The petitioner was not informed until 29th June last that there was any kind of irregularity in the matter of his supplies and that he had violated any of the conditions of the contract. He was surprised to hear this for the first time in June last. He is not even now aware as to wherein he has committed any default and what the irregularity complained of is about.

5. The petitioner believes that no report has ever been made by the Medical Officer in charge as required by the said clause 13 of the Tender Notice and that the Senior Surgeon has acted <u>suo motu</u>. In saying this the petitioner does

not

not intend to suggest that the Senior Surgeon Could not act of his own accord and on his own initiative. The petitioner fully recognises - the authority of the Senior Surgeon so to act, but makes mention of the circumstance with a - view only to invite the attention of Government to the fact that the Contractor's defaults, if there were any, would certainly have been immediately brought to the notice of the Senior - Surgeon by the Medical Officer, in which event the order annulling the contract would be wholly justifiable.

6. It is also significant that no warning has ever given to the petitioner and no fine was levied from him on any previous occasion as contemplated in clause 13. The remarks, if any, in the Order Book, were not brought to his notice at any time. The petitioner has been making the supplies according to the terms of his contract and no defect was brought to his knowledge; and - he believes he has not given room for any complaint. That being so, it is not clear to the petitioner why the Senior Surgeon has made this order.

7. The petitioner has been a Contractor also to the Minto Opthalmic Hospital during the present year and no complaint is made about his supplies there. His father was a contractor for

nearly

14 61

nearly 40 years and the petitioner himself has been one such for the last 15 years in connection with supplies to The Maternity, The Central Jail, The Victoria Hospital, The Central College Hostel, The Bangalore Palace, The Mysore Military Department and other places. On no occasion has his contract been cancelled. He has always worked to the full period of the contract and no Officer has at any time found fault with him during this long period.

8. The petitioner has always been and is even now quite ready and willing to abide by the terms of his contract and give full and complete satisfaction in the matter of supplies. By the order of the Senior Surgeon, the petitioner has not merely sustained loss pecuniarily, but he has also been injured in his reputation resulting in serious consequences particularly in the matter of his taking up contracts in future from Government. He is doing no other professional work and has been and has to be, if at all, only a Contractor for such supplies.

9. The petitioner, therefore, most humbly prays that the order of the Senior Surgeon may be set aside and that the petitioner may be allowed to continue to make the supplies to the end of 1924 in accordance with the conditions in the Tender Notice, a copy of which is also

attached

attached for kind perusal. The petitioner further humbly prays that the order of the Senior Surgeon may be directed to be kept in abeyance till the - disposal of this petition.

14. In case the contractor ceases to abide by the contract at any time during the currency thereof, he shall forfeit the security money to Government and also be bound to make good to Government, any loss which may arise from such cessation.

15. The contractor will also be bound on occasions of emergency to supply any other article or articles that are not mentioned in the list appended to the notice, at prevailing market rates and at short notice.

Office of the Senior Surgeon, M.G.

Dated Bangalore, 22nd July 1924.

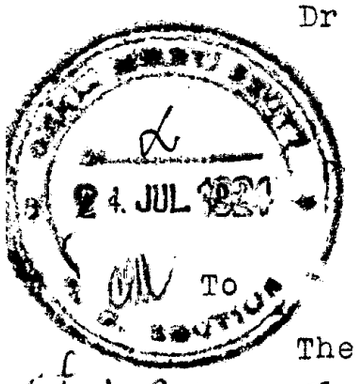
21

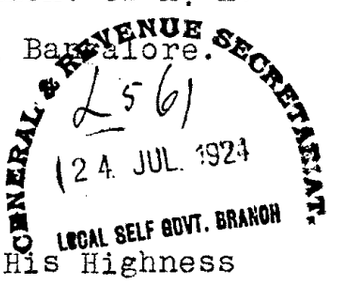
From

Dr H.B. Mylvaganam, F.R.C.S.(Eng).,

Senior Surgeon with the Government of H. H.

the Maharaja of Mysore, Bangalore.





The Secretary to the Government of His Highness

the Maharaja of Mysore, Local & Legislative Departments

Bangalore.

Sir,

I have the honor to state that the contract for the supply of diet and other articles to the Epidemic Diseases Hospital, Bangalore, for the year 1924, was disposed of by this office in favor of Mr. C. Mariyappa whose tender amounted to Rs. 3279-0-1 against Rs. 8491-13-3, the value of the only other tender received from Mr.C.Doreswami Mudaliar, on the ground of its being the cheaper by Rs.212-13-2, and inorder to give him one more chance, in spite of the fact that the Medical Officer had reported that "Mr. Mariyappa put us to several inconveniences when he was given the contract of this institution during the year 1920."

From the copy of letter dated 26th June 1924 received from the Medical Officer, it will be seen that there has not been a single month this year during which he had not to be warned more than once for having supplied inferior articles. I myself inspected the articles once at a surprise visit and found them to be of very inferior quality. The only improvement which the present Medical Officer was able to effect by frequent personal warnings was that the contractor was made to supply the diet articles in time and to change the curry powder.

He was called upon to explain why his contract should not be immediately terminated as he had proved himself to be incorrigible by giving room to be found fault with frequently

in every month since the beginning of his present contract. A copy of his explanation is enclosed. In spite of the remarks found in the order book he says that he has been trying his best to render satisfaction, that he may be pardoned and that he would see no mistake would be committed in the supply.

As there was absolutely no use in relying on the promises of a chronic defaulter like this, I have, in the interests of the patients of the hospital, cancelled his contract in accordance with para 13 of the tender notice (copy enclosed) which ceased with effect from the 11th July 1924. As six months in the year had already passed and it was not worth while to advertise and follow the dilatory procedure enjoined by the Purchase Rules, I have ordered the supply for the remaining part of the year to be purchased from the other tenderer, Mr.C.Doreswami Mudaliar, whose tender, after all, was higher in value by Rs.212-13-2, calculated on a full year's ~~supply~~ estimate. As a set off against loss, if any, to Government by this change of contract, the defaulter's earnest money amounting to Rs.200/- has been forfeited.

I request that my action, taken in the best interests of the institution, may kindly be approved.

I have the honor to be,

Sir,

Your most obedient servant,

Senior Surgeon.

Letter No.A. dated 26th June 1924 from the Medical Officer, E.D.Hospital, Bangalore, to the Senior Surgeon in Mysore, Bangalore.

****

I have the honor to submit herewith copies of reports and correspondence relating to the contractor's irregularities from the Contractor's default and order book maintained in this office, and to state that Mr.C.Mariappa the contractor seems to have been unsatisfactory since the beginning of his contract as will be borne out by the records submitted herewith. Since I took over charge, I sent for him and personally warned him on all these points and also asked him to replace certain diet articles such as raw rice, boiled rice, ghee and dhal. The improvement that I have so far noticed is that he has been of late issuing the diet articles in time and has changed the composition of the curry powder to conform to the recipe that was given by the Matron.

I submit the enclosure for perusal and such orders as you may deem fit to pass.

S.B. Muthiyengar

SENIOR SURGEON.

Copies of correspondence that passed between this office and contractor Mr.C.Mariappa regarding the irregularities, defaults and unsatisfactory ration articles supplied :---

****

No.312 dated 21-1-24.

I am constrained to bring to your notice about the unsatisfactory condition of issuing ration articles to this Institution. Your agent comes at 12 O'clock and stops here only for half an hour and goes home, thereby the patients are put to great inconvenience without diet being given to them at 11 O'clock. I request therefore that arrangements may be made to have the daily supply issued before 9 A.M. every morning. In this connection I should like to see you in this office at any day at 9 A.M.

****

No.334 dated 30-1-24.

Contractor Mr.C.Mariappa is informed that in spite of repeated requests and written orders he has failed to supply the diet articles in time and although it is 11-30 A.M. his agent who is an irresponsible young boy has not turned up to issue the ration articles - 30-1-24. -

2. He is further informed that Charcoal was not supplied as per indent yesterday (29-1-24) and that the patients suffered from want of poultice, and milk could not be boiled.

3. The curry powder that is being supplied from the beginning of the month is of an very inferior quality, the patient complaining of it every day and repeated requests and warnings to get a fresh and better supply has not been heeded.

If the state of affairs does not improve and if daily supplies are not issued before 9 A.M. every day the bad articles being replaced by good quality he will be liable to a fine and the conditions of the contract terms being imposed.

****

No.352 dated 11-2-24.

Contractor Mr.C.Mariappa is informed that

although

although it is the 11th of the following month his bills for supplies made in January to the Leper Asylum and the E.D.Hospital, and Incurable have not as yet been received at this office and to request that the bills be sent in immediately to enable early adjustment of accounts. He is further requested to see that his bills are sent in time in future.

****

12-2-24.

Contractor C.Mariappa is informed that on 11-2-24 his baker had failed to supply the required quantity of bread and this morning the patients could not have been served with bread for coffee. The baker supplied only 7 lbs. of bread where 14 lbs. were required and he was ordered to bring the balance 7 lbs. of bread immediately which he promised to do but failed to comply with. It is observed that such gross negligence is quite unsatisfactory and will be severely dealth with.

****

No.356 dated 13-2-24.

Contractor Mr. C.Mariappa is informed that although one month has not elapsed since the beginning of his contract his supplies are found to be very unsatisfactory and repeated warnings have been of no avail. His supply of bread is very unsatisfactory and the baker whom he has deputed to supply does not care to comply with orders. Meat is bought very late by his agent and consequently the serving of diets is greatly delayed. Although it is three days since cotton and carbolic soap have been ordered they are not as yet been supplied and the dressing o[illegible] cannot be done. The agent that he had deputed to issue rations and diet articles is quite an irresponsible young boy and comes very late and goes away within half an hour before enquiring for any special demands. I am constrained to write to him that unless he immediately takes preventive measures to bring matters to a satisfactory working order he will put me into the painful necessity of being reported to the Senior Surgeon.

****

No.384 dated 29-2-24.

Contractor Mr.C.Mariappa is informed that the Mutton supplied for the past two weeks is very bad and is more of

of mere bones and refuses than any meat and that unless he personally sees his agent and arrange for the supply of good and wholesome meat he will be reported to the Senior Surgeon for a fine.

****

No.396, dated, 6-3-24.

Contractor Mr.C.Mariappa is informed that curd was not supplied yesterday 5-3-24 and that the quality of curd supplied is very bad and is quite watery. Please explain why curd was not supplied and show cause why he should not be reported to the Senior Surgeon for this non-supply and irregularities.

****

9-3-24.

Contractor Mr.C.Mariappa is informed that his baker agent brought sixteen loaves of bread for supply this evening at 6-30 P.M. and all the loaves were fully burnt and quite unfit for consumption. The loaves were all rejected by the Steward and the Head Nurse who was with him at the time, and when the agent was asked to go and fetch a fresh supply he declined to do so. As the patients who had milk diets had to be served with bread the steward was obliged to buy bread locally at the rate of three annas per loaf of one pound each. The cost to be borne by him. This is not the first time that bread was bad and the baker indifferent and as such I have to express my dissatisfaction in your supply of articles.

****

No.458 dated 6-4-24.

Contractor Mr.C.Mariappa is informed that the supply of bread is very unsatisfactory and that out of a daily average supply of 13 to 14 loaves not a single loaf weigh exactly one pound as is expected to weigh and every loaf is short of weight by one to one and a half ounces. The bread supplied is very states and the patients complain bitterly. The daily short weight of loaves would at the end of the month work up to many pounds and we do not hold ourselves responsible for this. This is not the first complaint against his baker agent and

unless matters immediately improve the undersigned will be compel led to enforce the terms of the contract. In fact his supply of diet and contingent articles on the whole is very unsatisfactory and there is great delay in complying with urgent demands.

****

No.489 dated 23-4-24.

Contractor Mr.C.Mariappa is informed again that, though it is the 23rd of the month his bill for March has not as yet been sent and this is to remind him again to send it at once. Ever since he took the contract of this Institution not a single day passed without some complaint or other. His agent is very irregular and late too in coming to issue daily rations. Yesterday he came here at 11.30 and the patients were kept starving. It is hoped that he will take this as a final warning. His agent should be instructed to be here from 9 A.M. to 11 and from 3 to 5 P.M.

****

27-4-24.

Contractor Mr.C.Mariappa is informed that the Mutton supplied to-day was very bad and rejected by me. This is not the first time that mutton was bad. Today the mutton had to be bought with Government money at market rate and he is ordered to pay the amount of Rs.4-8-0.

****

8-5-24.

Tyre was not supplied yesterday and the patients espe-cially the Brahmins complained bitterly. The quantity is four and a half seers and the cost of it is Rs.1-4-0. This is not the first time that complaints were made for the non-supply of curds and the quality is very bad.

****

20-5-24.

Contractor Mr.C.Mariappa is informed that (1) although Seegekai and washing soda had been ordered for more than a week back These have not been supplied.
